UPLOADING: There will be several upload types you can choose from: Project Workbook, Photo, Journal, Video, or Video Link. You'll have to upload separately for each document, so make sure you title your files clearly so you select the right one for each upload.

IMPORTANT: Remember to double check your documents and make sure you're uploading the right one! If you upload the wrong one, let the YES Fair know (yesfair@ssvec.com) and we will get back to you.

From the dropdown menu, select the type of document you want to upload.

Step 2: Select upload type

Warning: Do not use your browser's back button, or you will have to re-validate your project.

TYPES OF FILES

VIDEOS: If you have a video, it is strongly encouraged that you upload the video to YouTube and add URL under Video Link (this is because videos in many formats will be too big). Remember to set your video to Public. Videos are OPTIONAL for 7-8, and REQUIRED for High School. Provide a 3-5 minute video of you explaining your project. If you are in High School, consider this to be your initial interview.

PHOTOS: If you are uploading multiple photos, paste them into a Word document and label each individual photo in the document as Exhibit 1, 2, 3, etc. Acceptable file formats are .doc and .pdf.

JOURNAL: Your journal should either be typed in a word document (make sure to include dates for each entry!) or scanned in a .pdf. Your journal is the place you kept your ideas, plans, and data.

PROJECT WORKBOOK: Your project workbook should be submitted as a .doc or .pdf. Your project workbook contains your overall project information. You can find information on the project workbook at the YES Fair website under Resources. Links are <https://www.yesfair.com/wp-content/docs/Science-Project-Worksheet-2022-PDF-Example.pdf>

or

or

[Science-Project-Worksheet-2022-PPT-Example.pptx \(live.com\)](#). If you use the Word or PowerPoint document format, you can insert pictures without having to upload them separately.

Make sure your information is clearly labeled. You want the judges to look at your project and understand the work you put into it!

NOTE: If you have issues uploading documents you can email them to:

Email: yesfair@ssvec.com

Ensure you save the document with your Project number and last name (**Example:** Project 3001 Smith).

In the subject write the project number and what the document is (**Example:** Project 3001 Project Workbook).
