Grant Request for Local School Science and Engineering Fair

Our school is holding a Science and Engineering Fair to determine our best project to compete in the Youth Engineering and Science Fair (YES Fair). We are applying for the \$500.00 grant and agree to the following conditions:

- Our Fair will abide by the YES Fair rules and regulations found at www.yesfair.com/resources
- The YES Fair is also ISEF affiliated and therefore ISEF rules apply
www.societyforscience.org/isef/international-rules/rules-and-guidelines
- The funds will be used to further our school's Science & Engineering Fair.
- Send the following information to the YES Fair Director within 7 days after the school fair or before the YES Fair entry deadline, whichever is sooner. All fairs must choose winners chosen by Jan. 31, 2024.
 - Total number of students in your Fair (_____Female _____Male)
 - Total number of projects in your Fair _____

Completed YES Fair entry forms for winning projects entering the YES Fair. All entries must be submitted by February 5th. NO EXCEPTIONS.

This form must be signed by the school's principal and your Fair Coordinator (teacher, parent, etc), who is responsible for sending the YES Fair entry forms and the School Fair Report at the completion of your Fair.
