Grant Request for Local School Science and Engineering Fair

Our school is holding a Science and Engineering Fair to determine our best projects to compete in the Youth Engineering and Science Fair (YES Fair). We are applying for the \$300.00 grant (grant is limited to one per school, per year) and agree to the following conditions:

- Our Fair will abide by the YES Fair rules and regulations.
The funds will be used to further our school's Science and Engineering Fair.
A report listing the following will be sent to the YES Fair Director within 7 days after the school fair or before the YES Fair entry deadline, whichever is sooner. All fairs must be completed, and winners chosen by January 31st.
Total number of students in your Fair (Female Male)
Total number of projects in your Fair
Completed YES Fair entry forms for winning projects entering the YES Fair. All entries must be submitted by February 5th. NO EXCEPTIONS.

This form must be signed by the school's principal and the Fair Coordinator (teacher, parent, or volunteer). The Coordinator is responsible for sending the YES Fair entry forms and the School Fair Report at the completion of your Fair.
